InkConnect

Do you want to add ink to your embossed documents in a single pass?

This simple accessory for the ViewPlus Premier and Elite provides colleagues the ability to read homework side-by-side from the same document with no additional work required.

The InkConnect allows you to seamlessly add ink to your braille documents allowing sighted readers to follow along. Experience the speed and simplicity of the VP Elite and VP Premier high-volume production embossers with HP Inkjet technology. Simply create your documents in familiar Windows programs such as MS Word or Excel, select print and you automatically receive braille, ink and tactile graphics in one touch!
